Jury finds Johnson not guilty

by Cheryll Rulcy
Staff Writer

Family and friends of Rande Johnson waited somewhat patiently outside the door of the Crawford County Jail late Friday afternoon after he was acquitted of murder charges.

A long-time mother figure to Johnson, Grace Davis said, "Rande doesn't have the heart to do that to someone. If people only knew Panda (Johnson) like we know Panda, they would have known all along he was not the one who killed Shane."

Johnson, age 41 of Beaver Creek Township, had been in jail since his July 26, 2001 arrest on one charge of open murder in the shooting death of 21-year old Shane Piehl of Grayling Township. Piehl's body was discovered by family members on May 30, 2001. He was found lying near his car on a two-track near the intersection of Four Mile Road and I-75. Investigators believe he was shot twice in the head the day before, around 1:15 p.m., during an OxyContin for

Rande Johnson (in pink), known as "Panda" by family and friends, receives a hug from Calvin Halfacre as he leaves the Crawford County Jail following 307 days of incarceration. On May 24, a jury found Johnson not guilty in the shooting death of Shane Piehl. Halfacre told jurors during his testimony of how another witness said he wanted to "burn Panda." He said, "I didn't want to see a good man go to prison."

Forest fire started accidentally

by Cheryll Rulcy
Staff Writer

About 150 acres of forestland near Smith Bridge Road, north of M-72 East, fell victim to fire last Friday, May 24 when someone accidentally started a blaze while trying to get rid of some caterpillars using a blow torch.

Crawford County Sheriff Kirk Wakefield said the fire started shortly before 2:30 p.m. and quickly spread through the dry forest floor and trees with the help of stiff winds.

Michigan Department of Natural Resources fire fighters and personnel from South Branch Township Fire Department, as well as other departments, responded quickly and had the fire contained within a few hours, though the flames managed to jump the AuSable River for a short time.

Fire fighters remained on-scene well into the evening and returned the next morning to check on possible "hot spots."

Steady rains on Saturday helped prevent flare-ups or re-kindling at the site.

The fire resulted in no injuries and no loss of structures. Sheriff Wakefield said the person who accidentally started the fire has admitted responsibility.

Work begins on North Down River Road project

► Detours will be set up during three-month construction job

by Caleb Casey
Staff Writer

Work began last week on a major local road reconstruction project.

The project, which involves a portion of North Down River Road, will result in the resurfacing of about one mile of North Down (from the I-75 overpass to M-93), and installation of curb, gutter and sidewalks in some areas of the roadway.

"They are doing a lot of work on this one," said Crawford County Road Commission Engineering Technician Tim McCarthy.

Work on the project began early last week - about two weeks earlier than anticipated, so the job is already ahead of schedule. A completion date of August 16 has been set, but "they could be done sooner," McCarthy said. Weather conditions could affect the speed in which the project progresses.

Contractor for the job is M & M Construction of Gaylord, and sub-contractor Rieth-Riley will be doing the paving.

The project involves crushing and shaping the road - pulverizing the existing pavement and using the material to help create a base for

Poorly marked residences add crucial time to emergency calls

► Fire, rescue, law enforcement ask residents to make finding homes easier

by Cheryll Rulcy
Staff Writer

Some of the ambience of living "up north" are winding driveways leading back into the woods to many a cabin and "home, sweet, home." Seclusion and privacy are what people are looking for in northern Michigan, but sometimes residents are too secluded for emergency personnel to find when an emergency arises.

Grayling City and Township Fire Chief Duane Brooks said he would like to remind property owners -- both full and part time residents -- to make sure addresses are displayed clearly at the roadside in rural areas and under the porch light in town.

Brooks said it has been really difficult during recent fire calls to locate some of the homes in trouble and providing a description of a home to 911 Dispatchers does little

CHIROPRACTIC FOR BETTER HEALTH

"COMPULSIVE" BACK PROBLEMS

If there's a heavy object that needs to be moved, maybe you don't want to wait for help to move it. This can happen when you're rearranging furniture or if a heavy box or some other object is in your way. Unfortunately, this may lead to back injuries. You may not notice the pain right away, but when it persists, that's when you need help.

According to one survey, sprains and strains of the back are the third major cause of limited activity. Only heart disease and arthritis conditions surpass back problems. Each year, more than a million men, women, and children suffer back injuries. And many of them are caused by lifting heavy objects.

There's an art to lifting, rule number one is not to lift anything too heavy without help. Rule number two is to plant your feet about a foot apart, squat down, and keep your spine straight before you lift with your arms in close to your body. And you should lift with legs, thighs, arms, and shoulders, never with your back.

And, whenever you suffer back pain, the most important rule of all is to get the chiropractic treatment you need.

Jury finds Johnson not guilty

cocaine deal gone wrong. Testimony in the case lasted nearly eight days, with closing arguments the morning of May 24. That morning, Crawford County Prosecutor John Huss gave a synopsis of what witnesses contributed during their testimony including dates and times of phone calls and sightings of both the victim and the suspect just prior to the murder.

Perhaps a turning point in the trial came when defense attorney James Hunt called Calvin Halfacre to the stand, under protest by Huss. Chief Judge Alton Davis allowed the testimony, but instructed the jury that Halfacre's testimony was "not offered for its truth, but rather to show a state of mind" toward Johnson.

Halfacre testified he picked up "Brave Dave" Krupinski on June 8, 2001 while he was walking along South Grayling Road in Beaver Creek Township. Halfacre said Krupinski made a remark that sent chills up his spine. "Dave said he was going to burn Panda... he said he was tired of being roughed around and being tossed out... he said he was going to tell the Crawford police about it and would be placed in the Witness Protection program until his Social Security checks kicked in."

Huss tested Halfacre's credibility by asking him if his testimony was as truthful as his accusations that Huss and Crawford County Sheriff Capt. Art Clough conspired to or actually planted cocaine at the scene of a 1999 motorcycle accident in which Halfacre was involved and subsequently charged with possession of the drug. Halfacre, who was

later acquitted of the drug charges replied, "Yes."

A few days earlier in the trial, jurors spent nearly 40 minutes reading transcripts from an interview between Johnson and investigators on August 14, 2001. Johnson requested the meeting and had legal counsel present. Part of his statement included repeating at least twice something Michael Bergan said to him shortly after the murder. Bergan has been implicated in the crime, but has not been charged.

Johnson told investigators, in part, "I wanted to let you know that after you guys searched Mike Bergan's house, he showed up at my house." Johnson said Bergan was wearing gloves and was looking for a missing ammunition clip to the sawed-off .22 caliber gun he owned. Investigators believe this gun, which has been missing since the time of crime, may be the murder weapon.

Johnson went on to tell Det. Rich Myer and Det. Tim Lenhard that Bergan said he killed Pichl and if Johnson said anything, he and his family "wouldn't be safe anymore and that it was deeper than I knew."

Det. Lenhard of the Michigan State Police told the jury he was unable to locate Johnson anywhere in Michigan between June 11 and July 26, 2001, even though he advised Johnson not to leave the area without letting investigators know. Johnson was arrested while paying a traffic ticket at the Crawford County Courthouse, on the advice of his first attorney, David Fregolte.

Investigators could not prove Johnson fled the area for fear of prosecution, but jurors did not hear how Johnson allegedly shaved off

his beard and dyed his hair around the time he was unavailable to investigators. Sheriff Kirk Wakefield also confirmed after the trial that Johnson failed a lie detector test during the investigation, results of which are, by law, inadmissible in court.

Also toward the end of witness testimony, conflicting stories were told about Johnson's trip to Gilbert Trail to "buy a bag of dope." Shannon Hebert testified he was not at home at the time Johnson claims he bought marijuana from him on May 29, 2001. A local electrical inspector confirmed Hebert was at rental property that day, waiting for an inspection.

Hebert's common-law wife, Lissette Oquendo, then took the stand and told the jury she was the one who sold the bag to Johnson, even though he had first told investigators he bought it from a man. Oquendo, who was pregnant at the time of the murder, said she shared a marijuana cigarette with Johnson and talked for a while, accounting for the time he was missing from a party at a neighbor's house. Oquendo then described how investigators came to her house and threatened to "trash her house" and turn her kids over to authorities if she did not tell them what they wanted to hear.

Det. Myer and Det. Lenhard gave a much different account of their visit with Oquendo.

Judge Davis gave the jury instructions on how to deliberate and what charges to consider just before lunchtime on Friday. Following lunch, the jury deliberated for less than three hours. During that time, jurors requested to hear the taped

testimony of one of the witnesses. Shortly thereafter, around 4:20 p.m., Judge Davis read the jury's unanimous verdict of "not guilty as charged" to a jammed courtroom, freeing Johnson to leave the courthouse and jail after 307 days of incarceration.

Upon hearing "not guilty," Pichl's sister, Tricia, who among other family members, discovered his body that day nearly a year ago, wept openly in the arms of her mother, Kathy, as Pichl's father, David, looked straight ahead, shocked.

As Johnson left the jail, he told the media, "I'm glad the truth prevailed and I feel terrible for the Pichl family. If there is anything I can do to help find the truth about who killed Shane, I will."

Upon hearing about Johnson's offer to help, Shane's mother said, "If you really want to help, Rande, please come forward and tell what you know about Shane's murder. We have lost a valuable member of our family and there is a baby who will grow up without his love."

Mrs. Pichl said she has always believed Bergan instigated the crime and duped Johnson into helping him. She said she wishes the jury could have heard about the lie detector test and how Johnson disguised himself while away from the area. "Justice was not served. We really felt, with all the evidence, it seemed pretty clear cut to us that Rande was involved. But, I really want to thank the prosecutor, police, and investigators for all their work."

"This trial is over," she said choking back tears, "but the pain is still there. I did learn one thing from this... you can survive, but the pain never goes away."

GHS nets eight winners in writing contest

Eight students from Grayling High School have been named local winners in the fourth annual AuSable River Words Writing Contest, sponsored by the Anglers of the AuSable.

The eight students, who earned first, second, and third place awards for their school are:

- Fiction: 1. John Gardiner, 2. Robert VanNuck, 3. Amanda Boone.
- Nonfiction: 1. Regina Rosi, 2. Denae Southworth, 3. Shalee Cox.
- Poetry: 1. Bridgette Reed, 2. Rachel Ramaswamy.

All eight received certificates for their achievement.

As the school's first place winners, John Gardiner, Regina Rosi, and Bridgette Reed have had their

names engraved on a plaque for permanent display in the school.

The first and second place winners now advance to the inter-school competition between the four school districts along the AuSable River: Oscoda High School, Mio-AuSable High School, Roscommon High School and Grayling High School. The top two winners at this inter-school level will win U.S. Savings Bonds. In addition, the winners will be honored at the Federation of Fly Fishers' Conclave at Higgins Lake in June.

The writing contest, open to all tenth, eleventh, and twelfth grade students who attend school along the AuSable watershed, encourages students to reflect on the beautiful environs just beyond their backyards.

GPA says 'Shop Grayling First' with discount card fund-raiser

► GPA strikes out on its own to offer year of discounts at local businesses

The Grayling Promotional Association (GPA), which concentrates each year on beautifying the community and putting on the AuSable River Festival Parade, has struck out on its own with the "Shop Grayling First" Discount Card.

In the past, the GPA worked with an out-of-state company to create a discount card, with many local businesses offering discounts and one-time deals on food, products or services. Because the company made all the contacts with businesses, printed the card and sold them in a frenzied telephone campaign, GPA received only a fraction of the pro-

ceeds.

This year, GPA members solicited local businesses, informing them that all proceeds would go to GPA for local community service and improvement projects, and created the "Shop Grayling First" Discount Card.

Over 40 local business -- offering discounts on haircuts for people (and pets) to hamburgers, fried chicken, ice cream treats, as well as discounts on ways to remove the extra pounds gained -- are participating in this year's fund-raiser. There are over \$1,000 in money-saving offers on the discount card, good for about one year, for just \$25.

"Shop Grayling First" Discount Cards are available from any GPA member or at the Grayling Regional Chamber of Commerce, located adjacent to the city park.

good for ambulance drivers, police or fire personnel when it is dark outside. Grayling Fire personnel alone have answered calls to 16 structure fires so far this year.

For rural residents with mailboxes right at the end of their driveways, Brooks said reflective numbering, measuring three inches tall,

on the mailbox or post is ideal. For those with mailboxes located in a bank of mailboxes, the address should appear not only on the box, but on a post at the end of their driveways. Brooks said residents should check their city or township ordinance for proper address display.

Grayling fire fighter Travis

Roberts said the optimum way to mark a residence for easy location is to have a green sign with white reflective numbering (like those marking streets) installed at the entrance to rural driveways.

"The easier it is to find your house, the quicker we and other emergency personnel can answer the call," said Roberts. "In a life-threatening situation, every second counts and we don't want to waste precious time trying to locate your house."

the new asphalt surface. Also, a right turn lane is being installed at the west end of North Down River Road at Elmwood Cemetery.

Curbs and storm sewers will be added to some areas involved in the reconstruction project, and a five-foot sidewalk will be put in along the south side of North Down from Smith Street to Michigan Avenue.

The construction will have North Down reduced to one lane at times, and at other times both lanes may be closed off completely, resulting in detouring of traffic, McCarthy said.

Terrorism gives new meaning to Memorial Day

TRAGIC EVENTS America has faced during the past 12 months have added significance to Memorial Day 2002.

For the first time, on Memorial Day, America also mourns the deaths of nearly 3,000 individuals who died in a most un-military way, while just going about their daily lives.

The September 11 blood bath has kicked off a new and different type of warfare for the world -- a war against terrorism. The United States is at the forefront of this latest war, totally different than any other warfare in which our country has been engaged.

Memorial Day was established in America to honor our war dead. Perhaps it may not be perfectly apt as a holiday to honor September 11 victims, but in a way the first victims of this new and different warfare can be considered victims of war, just as fittingly as those Americans who died on earlier military battlefields.

One big difference is that most of those who died last September were not armed combatants, as were most of the victims of

earlier American wars. Most were civilians, just living their lives.

The new frontier of the new war of terrorism appears to be Main Street, U.S.A., not a distant battlefield.

* * *

AMERICANS HAVE a way of changing with the times.

That's not all bad -- but maybe it's not all good, either.

Memorial Day, or Decoration Day, is an American invention. It began in the South in the 1860s, when a handful of southern women decorated graves of soldiers killed in the Civil War, both Confederate and Union.

The observance over the years has deepened in meaning as America's military casualty list has grown to include the dead from the Spanish American War, World War I, World War II, Korea, Vietnam, Persian Gulf, Somalia, Afghanistan hopefully the casualty list will grow no more, but reality indicates it will.

The Grand Army of the Republic (GAR),

dedicated to the Union cause, in 1868 picked May 30 as its official observance of Memorial Day. Across the South, different states picked different dates for their Memorial Days, with several opting for June 3, the birth date of Jefferson Davis, first president of the Confederacy.

* * *

IN SMALLTOWN America of the past, Memorial Day brought a day of patriotic celebration.

As a child growing up in Coldwater, I remember parades of veterans and school bands marching to Oak Grove cemetery. My great grandfather, a proud Civil War veteran, marched in those parades as long as he was able, then settled for riding down Chicago Street in a car, well past his 90th birthday.

At the cemetery, some local politician gave a speech -- never anything very memorable. Someone else recited the Gettysburg Address, the American Legion or Veterans of Foreign Wars drill squad fired a rifled salute, a high school bugler sounded Taps.

In the nearby Coldwater River, Gold Star mothers dropped flowers from the bridge to honor Navy dead. Veterans groups placed markers, flowers and flags on the graves of military veterans.

Some version of this sort of observance still is practiced in many American communities -- mostly smaller towns.

To me, it's not like it was, but any comparison of today with the past is mainly a matter of personal perspective. My memories in 2002 are of my days as a kid growing up in the 1930s. Memory can be a tricky thing, and I am young no more.

* * *

AS TIME passes, Memorial Day in America has changed.

Many families each May still plant flowers and otherwise spruce up grave sites of family members.

The American Legion, Disabled American Veterans, VFW or other patriotic group stands at shopping centers and street corners to sell paper flowers to help pay for programs to help needy veterans.

But to most Americans, Memorial Day has become simply a long weekend, welcomed as the start of summer. Honoring those who served their country has lessened in significance, but it may be sharpened in 2002 because of September 11 and its aftermath. The traditional day has been moved from May 30 to a nearby Monday, to create an artificial long weekend, which further twists the reason for Memorial Day in the first place.

The American people seem to like it that way, and it certainly doesn't make a bit of difference to the deceased veterans whom Memorial Day was designed to honor.

But it does detract from the meaning and significance of Memorial Day, and in doing so, it diminishes just a bit more of our American heritage.

Invitation extended to all seniors

To the editor,

My name is Nova Anderson; I'm the Director of the Crawford County Commission on Aging. My staff and I would like to send out an invitation to all the seniors in Crawford County who are 60 years and over, or a spouse of someone over 60, to come and visit us at the Senior Center at 308 Lawndale.

The Senior Center offers many different services to help you remain in your home. The Senior Center also offers many different activities and serves meals twice a day, Monday through Thursday, and noon on Friday. You never have to be lonely again.

The Center is here for all seniors in Crawford County, not only those living at the Senior complex. If you do join us for lunch or dinner for the first time, let us know and the meal is on us.

We are starting our first "Outreach Get-Together" in Frederic at the Hobby Club on

June 13, at 5:30 p.m. Come and meet the Outreach worker who will be visiting you at your home. Ask questions and get answers on what the Commission on Aging can do for you over cake and ice cream. If you have a question and we don't have the answer, we will try our best to get the results for you.

Everyone is welcome to attend the "Outreach Get-Together." Non-seniors can find out how we can help your parents, grandparents or a neighbor you might know so they can remain in their home.

The next "Outreach Get-Together" will be in Lovells in July. Then after that we will have one in each township.

Remember, we're here for you and we are only a phone call away. Let us hear from you at 348-7123.

Library is for learning

To the editor,

I am excited about the new Library, it is a beautiful facility. We have computers, numerous books, a fireplace for atmosphere and a wonderful logging theme to accent the tradition of Crawford County. I am truly excited Ms. Devereaux saw fit for our community to receive her funds in making it possible. Also, that we as a community, saw the wonderful potential and voted for such a beautiful addition to our community.

I work in the schools regularly, so I was also excited that it was going to be so close by and not near the hustle and bustle of the I-75 loop anymore; a safe haven for our children. But my feelings are beginning to change now. I am in the parking lot of AuSable Primary School often, that is where my wife parks to go to work and that is where I trade cars with her to pick up my son every day. When I make this car trade, I look at the Library between 4 p.m. and 4:30 p.m. and I see children not in the library enjoying a good book, or doing research for a paper, or even taking advantage of the computers they offer. What they are doing is loitering, and it is not just harmless hanging around. They are littering, swearing loudly and one time I even had to speak to some about throwing the landscaping rocks toward the parked cars. Today I saw a middle school-aged child throwing a hard plastic ball against the wall of the library, harder with each throw as if he wanted to hurt something with it.

We, as a community, wanted this library and for good reason, it benefits us all. There is a subject taught in this school district, it is called Core Democratic Values. These Values include such things as Patriotism, Liberty and Truth but it also includes the Value of Common

Good. This Library is for the common good of all of us as citizens, to use and not abuse.

Children should be given rules so they have a library for many years. They shouldn't look at it as a Skate Park, a dumping ground or a day care, and parents shouldn't either. It is a Library. It is there to serve as a resource, a place to crack a good book, not crack windshields.

If your kids say "Hey Mom and Dad I'm going to the Library," ask them what they mean. Do they mean they are going to hang out yelling obscenities near the entrance or they are looking up a book about Abraham Lincoln? (Big difference.)

This is not, and never will, be the responsibility of the wonderful staff of the Library. It is the responsibility of those individuals loitering and their parents. The staff is not there to police the actions of people outside their doors. They have better things to do inside, like provide many services that could hugely benefit those same kids who choose to throw things at the building.

I know I may sound like a self-righteous whiner, but the truth is we have a lot of beauty here, and we need to take care of it. We don't want our brand new Library to age 10 years in just one. Perhaps the best thing to do would be to go to the Library with your children and talk to them about how it should be treated. That is exactly what I intend to do with my son when he is old enough to appreciate the Library. These kids I saw were more than old enough to appreciate the Library, and in my opinion, old enough to know better, too. I believe we can all do what is for the Common Good; it is just a matter of communication. Talk to your kids!

WASHINGTON NOTES

By Carl Levin, U.S. Senator (D) Michigan

The gasoline price roller coaster: What's going on?

To see if spring is just around the corner, the groundhog nowadays looks not only for his shadow, but for spikes in gasoline prices as well. And what he sees may give him sticker shock. A dime increase in the price of gasoline takes \$10 billion out of the hands of consumers and into the pockets of the oil industry. According to Federal Reserve Chairman Alan Greenspan, price spikes can "undermine both the real purchasing power and the confidence of consumers" and push the economy toward recession.

How can we avoid these spikes? The report I released in April prepared by my Permanent Subcommittee on Investigations staff, "Gas Prices: How Are They Really Set?," shows that as fewer companies have gained more control of the nation's refineries, they can limit the supply of gasoline in order to charge higher prices.

When supplies of gasoline are "tight" and inventories low, two things can happen. In normal times when the market is concentrated prices can be spiked before holidays with less fear of competition driving them back down. At other times, any disruption -- such as a refinery outage or a pipeline break -- will lead to a shortage and spike in price.

And it appears oil companies have strategized about keeping supplies tight for that very reason. An internal BP document from 1999 reflects this thinking with respect to the Midwest. The document presents a discussion among senior BP executives of possible strategies to "increase Midwestern prices by 1 to 3 cents per gallon," by reducing the supply of gasoline in the Midwest.

It lists some possible options including shutting down refining capacity, convincing cities to readily reformulated gas that is not readily available, exporting product to Canada, even lobbying for environmental regulations that would slow down the movement of gasoline in pipelines, shipping products other than gasoline in pipelines that

can carry gasoline, and providing incentives to others not to provide gasoline to Chicago.

BP officials told the subcommittee staff that these ideas were only part of a "brainstorming" session and that none of the options for reducing supply was adopted. Even assuming that to be true, the fact that these kind of options to increase prices by reducing supplies was the topic of discussion is deeply disturbing.

In an internal Marathon Ashland Petroleum document, Marathon even called Hurricane Georges a "helping hand" to oil producers because it "caused some major refinery closures, threatened offshore oil production and imports, and generally lent some bullishness to the oil futures market."

Following the release of our report, the Federal Trade Commission announced a new effort to monitor gas prices nationally in order to identify areas where recent mergers may have led to higher prices.

Three state attorney's general recommended to Congress that we impose a moratorium on mergers in the oil industry in areas of high concentration. We should also consider -- for areas like Michigan where gas prices go up and down together and stay in the same relationship to each other -- making such parallel pricing evidence of anti-competitive conduct.

Other proposals include creating incentives for oil companies to maintain higher inventories and to amend antitrust laws to allow courts to find violations with lower levels of proof.

Congress needs to consider these suggestions, because as long as concentration in the refining industry continues to increase, Americans can expect price spikes to occur regularly and to be another reason for the groundhog to scurry back into his hole.

Carl Levin is the senior U.S. Senator from Michigan.

Hear the Manhattan Rhythm Kings in concert

The Manhattan Rhythm Kings, known for their polished performances of American popular music from the '20's, '30's, and '40's, have gained a large enthusiastic following across the country and will perform at Kirtland Center for the Performing Arts on Saturday, June 15 at 8 p.m.

While frequently compared with such greats as the Mills Brothers and Paul Whiteman's Rhythm Boys, the trio has established a unique character of its own with a combination of close harmony singing, virtuosic instrumental work, and spectacular tap dancing. The Manhattan Rhythm Kings started performing together on the sidewalks of New York in 1980. From there these song and dance men graduated to playing cabarets, colleges and concert halls across the country. In fact, the Manhattan Rhythm Kings will have performed in all 50 states.

The Manhattan Rhythm Kings have made numerous appearances on TV, most notably *Evening at Pops* with John Williams, Tommy Tune, and the Boston Pops, as well as the Emmy Award-winning *Celebrate Gershwin* with conductor Michael Tilson-Thomas. The group has shared the stage with Bob Hope, George Burns, Sandy Duncan, Liza Minelli, Leonard

Bernstein, Judy Collins, Bette Midler, and Gregory Hines, to name a few.

The Bible Speaks

Why Blame Catholics?

Why the media frenzy to lambaste the Catholic Church instead of sodomites? We are reminded of the words of Rev. Martin Niemöller who was imprisoned in concentration camps during WW2: "In Germany, they first came for the communists and I didn't speak up because I wasn't a communist. Then they came for the Jews and I didn't speak up because I wasn't a Jew. Then they came for the Catholics. I didn't speak up because I was a Protestant. Then they came for me and there was no one left to speak up."

There were howls of protest from the sodomite lobby after Vatican spokesman Dr. Joquin Navarro-Valls suggested an examination of any link between homosexuality and sexual abuse. You watched on TV when one Catholic church was being picketed because the priest had suggested that the seminaries should be examined to see if homosexual applicants were being accepted as students. Raising these questions seems very reasonable since Father Donald Cozzens, the former head of a Catholic seminary says in *The Changing Face of the Priesthood*, that the priesthood is "becoming a gay profession," that the homosexual culture is dominant in many seminaries. Michael S. Rose, author of the forthcoming book *Goodbye Good Men* has said that many vocation offices have been actively recruiting gay men to semi-

nary life for at least 30 years. Even liberal priest Father Andrew Greeley has dubbed them the "lavender Mafia" because of the power of this growing sodomite subculture.

Steve Baldwin wrote in "Child-Molestation and the Homosexual Movement," soon to be published by Regent University Law Review a number of startling statistics. Baldwin said, "Research on the homosexual lifestyle confirms it is almost exclusively a youth-oriented culture," Baldwin wrote. "Very few gays exhibit preference for older men." He said, "Some admit to focus on teenage boys, some on prepubescent boys, and many cross over between categories." Baldwin said a 1988 study found most pedophiles even consider themselves to be "gay." Baldwin said The North American Man-Boy Love Association, or NAMBLA, is "a group that openly promotes sex with minor boys and claims that boy-lovers respond to the needs of the boys they love." They imply the boys are not victims, but motivators of their evil sex crimes. Baldwin also said in his report that the group is often endorsed by "many of the homosexual movement's most prominent leaders." NAMBLA promotes and defends pedophilia.

After reviewing more than 19 studies and peer-reviewed reports in a 1985 "Psychological Reports" article, it was found that homosexuals account for between 25 and 40 percent of all

child molestation. Psychologist Eugene Abel's research found that homosexuals "sexually molest young boys with an incidence that is occurring from five times greater than the molestation of girls. Abel also found that non-incarcerated "child molesters admitted from 23.4 to 281.7 acts per offender" targeting boys. Sodomy is more than a church problem, it is an evil sin and deadly crime destroying our entire society. Lev. 18:22 "Thou shalt not lie with mankind, as with womankind: it is abomination." God is right! Pastor B

Bishop honors Mercy Hospital with recent visit

Bishop Patrick Cooney joined Mercy Hospital Grayling recently in celebrating and honoring the dedication and quality care provided by nurses, hospitals and long term care facilities.

Bishop Cooney, of the Gaylord Diocese, celebrated Mass in the hospital chapel for residents of Mercy Manor, employees and volunteers.

During his visit, Bishop Cooney met with Senior Leadership members to discuss Mercy's strategic plan and health care issues facing Catholic facilities.

Employees were also given the opportunity to meet with Bishop Cooney at an afternoon reception.

"We are a mission-centered Catholic health system. Maintaining a close relationship with the Church community is crucial to accomplishing our mission to heal body, mind and spirit, to improve the health of our communities, and to steward the resources entrusted to us," stated Sr. LuAnn Hannasch, RSM, Director of Mission Services. "We are grateful for Bishop Cooney's presence at our facility."

It was June 6, 1944... D-Day... on a beach in Normandy, France. Countless lives were stopped prematurely in their tracks on that infamous stretch of bloody beach. More were lost on the vertical cliffs that were scaled with the utmost courage. Yet, as for those brave souls who remained, they continued to conquer the cliffs, their eyes fixed skyward and their faith firmly grounded in God and Old Glory.

The psalmist David referred to God similarly... "He drew me up from the desolate pit, out of the miry bog, and set my feet upon a rock, making my steps secure." (Psalm 40:2).

From the Revolutionary War to Desert Storm and on to the present, wise men and heroes have lived and died looking to our Heavenly Father for courage and wisdom even in the worst of circumstances. As you worship this week, remember those who fought and gave their lives in the ongoing struggle for freedom, and know that God can make your steps secure no matter how desolate your plight.

Wolcott, Towle, engaged

Jennifer Towle and Christopher Wolcott

Mr. and Mrs. Frederick L. Wolcott announce the upcoming wedding of their son, Christopher David Wolcott to Jennifer Payne Towle, daughter of Dr. and Mrs. Wallace Wade Towle of Hot Springs, Arkansas.

The bride elect is a graduate of Lakeside High School and the University of Arkansas and is a member of Chi Omega Sorority. She is employed as the Activities Director with Marriott in Branson, Missouri.

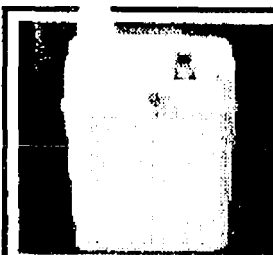

Chris is a graduate of Grayling High School and Central Michigan University. He is employed as an Operations Manager with Marriott, also in Branson, Missouri.

The wedding will be held on Saturday, August 10, 2002 in Hot Springs, Arkansas. The couple will reside in Ridgedale, Missouri.

HOMETOWN NEWS

Five generations of Andersons were together at a recent family gathering. Standing are Charles Jr. (age 71) and his son, Michael (age 47). Seated are Charles Sr. (age 95), who is retired from Camp Grayling, and his great-granddaughter Brandi Kamphuis (age 25) who holds her six-week-old daughter, Makenzie.

Donations make new ER lighting possible

The Mercy Hospital Emergency department in Grayling is now equipped with a new system of wall-mounted and portable lights, as a result of many generous donations.

The hospital's old system consisted of standard fluorescent ceiling fixtures plus one portable high-beat, low-intensity light, which was wheeled to each patient treatment area as needed.

While the physicians and nurses were still able to provide a high quality of care with this system, they had to work on only one patient at a time with the one portable light. When the ER was filled with trauma patients, as it was in 1998 after a 125-car pile-up on I-75, the lack of portable lights made treatment downright difficult.

The new lighting system improves both the quantity and quality of lights available to treating doctors. Each patient treatment bay in the ER now has its own wall-mounted Halogen "cool bright" light. Each of the side rooms,

ER physician's assistant Phil Schafer and Dr. Mark Gulow work on a little patient while Rob Morley, representative of the Morley Foundation, which provided a grant to help pay for the lights, looks on.

where wall mounting is not a practical option, has a portable unit.

"The illumination is so much brighter," said Emergency physician Dr. Mark Gulow. "Wound repair is much easier and, of course, our

patients appreciate that." The new lights also permit more accurately placement of equipment in patients with severe medical problems.

The high-intensity lights help patient's lives in obvious ways, such as offering physicians an environment to stitch wounds more precisely, which may limit scarring. But since better visibility may lead to faster treatment, these lights may save lives.

Donors who responded to Mercy's 2001 end of year annual campaign contributed much of the funds needed to purchase this system. The remaining funds came from a grant by the Morley Foundation, received earlier this year. Because of these gifts, the system was completed and installed earlier than emergency department personnel had thought possible.

"We truly appreciate the generosity of the donors," said ER Medical Director Alan Bersted, MD. "This improvement in patient care is something the medical staff really appreciates."

"Besides, the wall-mounted lights make the department more professional in appearance, more functional and less cluttered. We all like that," Dr. Bersted said.

National Guard honors Chamber chairperson

Laurie A. Figley, the Chairperson of the Grayling Regional Chamber of Commerce was awarded the Michigan Legion of Merit by Brig. Gen. Robert V. Taylor, the Assistant Adjutant General for Army, Michigan National Guard at the Chamber Board meeting on May

15.

The citation reads: "Department of Military and Veterans Affairs - This is to certify that the Adjutant General of Michigan has awarded the Legion of Merit to Laurie A. Figley for meritorious service to the Department of Military and

Veterans Affairs during the period 22 November 2000 to 15 May 2002 as the Chairman, Grayling Regional Chamber of Commerce.

"Her professionalism, leadership, and dedication to community service have greatly benefitted the Maneuver Training Center and the Michigan National Guard. She has provided outstanding direction and oversight to the Chamber Board of Directors and has displayed strong

support to the Armed Forces training at Camp Grayling.

"Ms. Figley's performance as a community leader is exemplary. Her personal accomplishments in the community bring great credit upon herself, the Grayling Regional Chamber of Commerce, and the State of Michigan."

The award was signed by Maj. Gen. E. Gordon Stump, Adjutant General of Michigan.

Seniors welcome new security

Crawford County Sheriff Kirk Wakefield (left) and senior Ken Riehle (center) listen as Grayling Police Chief Karl Schreiner explains the benefits of having access to a cell phone when an emergency arises. About 50 local seniors and low-income families received free cell phones on May 17 -- for emergency calls only -- as a result of a program initiated by Grayling Wendy's Restaurant franchisee Bob Wright. About 100 used cellular phones were donated by area citizens. In return, Wright gave them each a free meal.

May is Posture Awareness Month

Let's correct the cause

You'll wind up...
a new you!

WHY?

Because posture is important. Posture affects how you look. Posture affects how you feel. Posture affects your overall health and well being.

WHY?

Because the influence of good posture affects not only your skeletal structure and alignment, but also helps maintain the proper function of nerves, muscles, ligaments, blood vessels, organs, and tissue.

Structure will always affect function

Croze, Klinger, engaged

Benjamin Croze and Marianne Klinger

Jane Croze and Mike Croze of Grayling would like to announce the engagement of their son Benjamin to Marianne Klinger, daughter of Ronald and Jean Klinger of East Tawas.

The prospective groom is a 1995 graduate of Grayling High School and a 1998 graduate of Alpena

Community College. He is employed with Oak Express of Lansing.

The bride elect is a 1997 graduate of Tawas High School and a 2002 graduate of Central Michigan University.

A February 8, 2003 wedding is planned.

Olsons celebrate 50 years

Mr. and Mrs. Harry Olson

Harry and Norma Olson, of Frederic, will celebrate their 50th wedding anniversary on June 8, 2002.

The couple married on June 8, 1952 in Kankakee, IL. They moved to Frederic six years ago. Mr. Olson is a retired Boy Scout executive and Mrs. Olson is a retired school teacher.

The Olsons have three children: Rev. Ric Olson of Stormlake, IA, Jane Glidden of Fenton, MO, and Julie Peterson of Kalkaska.

They have five grandchildren: Kevin, Jim, Kelly, Geoff and Shelby; and two great-grandchildren: Kendra and Gavin.

On June 2, in celebration of the Olsons' anniversary, punch and cake will be served after church services at Kalkaska Methodist Church.

An anniversary party is also planned on June 8 in Kankakee, IL.

Family and friends are welcome to come.

THE POWER SPOT

Grayling Elementary/AuSable Primary School News

Submitted by the GE/AP School Parents

Can you believe the school year is coming to a close? A lot of fun and exciting things are happening in our schools. In some of the classrooms you'll see baby chicks that have hatched. In the kindergarten classrooms you'll find they are learning the life cycle of the butterfly. They started with live caterpillars developing into a chrysalis then on to developing into a beautiful butterfly.

The A/GE PTO sponsored a Staff Appreciation Luncheon to help show our appreciation for all the time and effort that is put into educating our children. Several parents from both schools helped make this luncheon possible.

The AP staff held a "Thank You" tea for the people that volunteer in the different classrooms or other areas of the school. The teachers introduced their volunteers then all the volunteers left with a flower for their kindness and hard work.

The kindergarten classes held their music concerts and performed in their pajamas while singing nighttime songs. Back in the classroom Nancy Nunn's class performed a play called "The Bunny Hutch" for their parents.

The first grade classes visited the Denmos Museum in Traverse City where the Chinese Art Exhibit was taking place.

Jackie Fry's and Suzanne Williams' 2/3 multi-age class held their final Author's Tea, where the student wrote and illustrated their own stories.

On May 10th Kami Boik's second grade class held a Mother's Day Tea for all their mother's, grandmother's or aunts. They played games, prizes were given, adults were furnished with snacks and lemonaid. Afterwards, the students gave their guest a gift.

Kim Kanary's 4th grade class finished their animal reports. Some students created animals out of paper mache that looked very realistic.

The Earth Dome visited our schools. The Earth Balloon is a hand painted physical representation of our world. It has been used across the United States to educate students about geographic as well as

environmental issues. Each panel of the dome represents one of our time zones. The Earth Dome is made of satellite photos taken from outer space. When the students were inside the Dome, they were looking at the Earth from the inside out, everything was reversed.

May 28, Sue Voelker, Jerry Hayes and Mark Whitaker are taking their fifth grade classes on an overnight field trip to Mackinac Island.

Kim Kanary's and Dawn Feldhauser's 4th grade classes are taking a field trip to the bowling alley on Thursday, May 30. On Monday, June 3, the classes will be taking a canoe trip down river. Students will need a sack lunch (no glass please) and a signed permission slip.

The kindergarten classes took a field trip to Camp AuSable and will be going to the Dairy Queen and to the Fish Hatchery.

Laurie Canfield's 3rd grade class is taking a basic course of "Welcome to the Real World" in social studies. The students have a mini-society of their own where they have developed their own town with their own money, checkbooks, and a bank of their own. Each student opened a business. Each Friday the town is opened for business. Students from different classrooms come in to make their purchases. In the end, bills are paid and a lesson of profits or bankruptcy is learned. The mini-society is an experienced based unit in which community economics is taught through actual experiences.

On Monday, May 13, the Grayling Elementary School held their last Power assembly for the year. At the assembly the Safety Patrol students received special recognition awards for a job well done from the Sheriff's Department. Peter Alexander and Samantha Schreiber received merit awards from Sheriff Wakefield for reporting and identifying a vehicle that failed to stop when the school's crossing guard, Sally McPherson signaled for it to stop.

May 13 and May 20, Career Fair at the AuSable Primary School. Different parents/grandparents

come in and explain their jobs to the students. There were speakers from the Sheriff's Department, DNR, MATES, MMR, a chef, a chiropractor, a scuba diver, a referee and more. This is a fun chance for the students to see a variety of career choices. They can begin to consider what may be an option for their future.

The third grade classes went to Fort Michilimackinac, in Mackinaw City. They are also going roller skating in West Branch on Tuesday, June 4, a sack lunch is needed for this trip.

The 2nd grade classes will be enjoying a funfest day out at Jellystone Campground, on Thursday, May 30. Students will need a sack lunch.

May 31 - All School Cook-Out and AP Portfolio Day. You are cordially invited to join your child(ren) at their regular lunchtime to join us for lunch. The principals from the AP and the GE will be grilling hot dogs and hamburgers. Students pay their usual cost; adults pay \$2.40 plus tax for a full lunch. Afterwards, AP Parents are welcome to follow the children back to their classroom to view their Portfolio.

Jackie Fry's and Suzanne Williams' 2/3 multi-age class will be taking a field trip to the Sportsplex in Gaylord on Monday, June 3. Students will need a sack lunch as well as a swimsuit and towel. Also, the class is having a Behavior Reward picnic at the Beaver Creek park for students who pulled 30 or less tags.

The 3rd graders from the multi-age class are going for lunch at the Crawford Station on Tuesday, June 4.

May 31 - 5th grade Track and Field Day.

June 4 - "Coffee Hour" for the fifth grade parents at the Grayling Middle School at 9 a.m.

June 5 - DARE graduation at 2 p.m.

June 6 - "Fun Day" at Grayling Elementary, sponsored by the Student Council.

June 7 - Last day of school - students dismissed at 11:55 a.m.

Want the truth about generic drugs?

Page 11A -- AVALANCHE -- Thursday, May 30, 2002

Your doctor knows about the quality of generics.

Grand Value Pharmacy

Grand Value pharmacist Kevin White agrees, "Physicians and pharmacists work together as a team to help patients understand that generic drugs are the same as brand-name drugs, so they can make an informed choice about their health care."

**Ask your
local
pharmacist
about
generics.**

Rite Aid Pharmacy

Rite Aid pharmacist Sara Fakhoury agrees, "Doctors write hundreds of prescriptions every day and whenever I see an opportunity for generics, I call the physician and he agrees to change because he also knows that generic drugs are safe and effective."

According to the U.S. Food and Drug Administration's Center for Drug Evaluation and Research

In a letter sent to health practitioners by the U.S. Food and Drug Administration about the therapeutic equivalence of generic drugs they write, "For both brand-name and generic drugs, the FDA works with pharmaceutical companies to assure that all drugs marketed in the U.S. meet specifications for identity, strength, quality, purity and potency. In approving a generic drug product, the FDA requires many rigorous tests and procedures to assure that the generic drug is interchangeable with the brand-name drug under all approved indications and conditions of use. For these reasons, the FDA-approved product labeling does not recommend that any additional tests need to be performed by the health care provider when a switch occurs from a brand-name drug product to a generic equivalent drug product."

OBITUARIES

Emma Mattson

May 27, 1908 - May 25, 2002
Emma Mattson, age 93 and 363 days, of Grayling, passed away on Saturday, May 25, at Newaygo Medical Care Facility near Fremont. Mrs. Mattson was born in Munsila, Finland on May 27, 1908, the daughter of A.E. and B. Johanna Hendrickson. Her father came to America from Sweden in 1909. He worked for a couple of years earning enough money to send for his family. Her mother and family had booked passage on the Titanic, but because her brother, Paul, became ill prior to leaving for the United States they could not come.

Eventually they came to America in 1913 aboard the Lusitania. In 1925 she graduated from Grayling High School. In 1929 she became a registered nurse following her graduation from St. Mary's School of Nursing in Grand Rapids. She was a resident of Grayling her whole life until August, 1998.

Mrs. Mattson was a member of Heritage Baptist Church in Grayling where she taught Sunday School and worked in many other areas of ministry in the church. She was a wonderful Christian wife, mother, grandmother, great-grandmother and great-great-grandmother, often quoting scripture and loved to sing old Christian songs.

Many thought her spiritual gift was that of "hospitality" because it seemed like every visiting guest minister, missionary or person coming to church always had a place to stay and to share a meal.

She was preceded in death by her parents, her husband, Roy S. Smith on December 19, 1974, her daughter, Jean Marie Wilson on September 24, 2001, her brother, Paul Hendrickson, and her sister, Eva Johanna Olin.

She is survived by her children, Jack and Jean Smith of Fremont, Arlene and Joel Betts of Rockford, and Judy and David Englund of Howard City; her son-in-law, John W. Wilson of Saginaw; 13 grandchildren; 21 great grandchildren; and one great-great-grandchild; and many nieces and nephews.

Interment services will be held on Wednesday, May 29, at 11 a.m. in Elmwood Cemetery, Grayling with Pastor Ernie Wagner officiating. Memorials to Heritage Baptist Church in Grayling.

Arrangements by Pederson Funeral Home, Rockford.

In Memory of

Shane Piehl
March 12, 1980 - May 29, 2001
You have been gone one year, but our hurt is far from gone. We love you so and can't understand why someone would intentionally take you away from us. We miss you, our beautiful blonde haired boy.
Love,
Dad, Mom & family

Garland "Bud" Joyce

June 23, 1918 - May 22, 2002
Garland "Bud" Joyce, 83, of Grayling, died Wednesday, May 22 at Mercy Hospital. He was born at Summit Lake, Wisconsin on June 23, 1918 to Henry and Adeline Joyce. Mr. Joyce married the former Jeanne Lewis on January 28, 1938 in Bowling Green, Ohio.

He served his country in the U.S. Army during World War II and served in the Michigan National Guard for 25 years, retiring in 1970 as a Lt. Col. During his life he signed a professional baseball contract with the Cleveland Indians in 1940 and worked for 25 years as a teacher, principal and assistant superintendent of the Oak Park School system.

Mr. Joyce moved here from Royal Oak in 1962. He was a member of St. Francis Episcopal Church, and B.P.O.E. Elks in Royal Oak.

He was preceded in death by his parents, sister Virginia Solberg, and two brothers, Eugene "Pancho" Joyce and Russ Joyce.

He is survived by one son Michael (Shirley) Joyce of Wheaton, Illinois, four grandchildren: Michael S. (Karen) Joyce, Kimberly J. (Rick) Kern and Darin T. (Tracie) Joyce of Wheaton, Illinois and Christopher W. (Kathi) Joyce of Lombard, Illinois. Seven great-grandchildren: Michael, Kyle, Hannah, Travis, Kelly, Ryan, Tyler Henry.

He also leaves behind sister Thelma Powers of Seymour, Iowa, and three brothers: Walt (Betty) Joyce and Pat (Barb) Joyce of Royal Oak and Alfred "Boots" (Luella) Joyce of Clawson.

Funeral services were held Saturday, May 25 at Sorenson Funeral Home with Reverend Joseph Carpenter officiating and burial at Elmwood Cemetery. The family requests that memorials be made to Crawford County Commission on Aging.

Arrangements by Sorenson Funeral Home, McEvers Chapel, Grayling.

In Loving Memory of

Charles W. Palmer
Jan. 27, 1938 - June 1, 2001
Dear Father:
Although we just recently learned of your death, we want you to know that you are in our thoughts, prayers, and memories.
Love your children,

Three branch libraries add flavor to the Crawford County Library system

by Susan Warrington
Staff Writer

The three branch libraries located around the county add to the unique flavor of the Crawford County Library system by bringing in local events, local history or its rich history of volunteerism.

Each branch has a wide ranging collection and any circulating book in the county-wide system will be brought to the branch library for the patron upon request. If the requested item is not available in the system, the patron has access to Inter-Library Loan which brings in books from anywhere in the nation.

The system is set up so that each branch manager also spends at least one day a week working in the library located in Grayling. In this way the managers have a better sense of what is available throughout the system.

Frederic Community Library - Over 30 years ago a library opened in the basement of the Frederic Township Hall, supported by the Frederic Business Association. For two and one-half years the library was run by a group of volunteers under the direction of Myrna Newberry. They offered reading and film programs during that time.

Frederic Branch Manager Sandy Steele's duties include dealing with paperwork in addition to help organize community activities and keeping the library collection up-to-date.

In August 1974, the library was turned over to Frederic Township and became part of the Crawford County Library system. The library continued to grow and the basement just wasn't big enough. When the Grayling State Bank donated its Frederic office to Frederic Township, the library found a new home.

A 16 x 48-foot addition was built onto the back of the building and the library moved into its new home in 1993.

The library's collection has grown steadily since it first opened and now contains over 5,000 books,

more than 280 videos, many books on tape and two computers connected to the Internet.

Branch manager Sandy Steele, has been in Frederic for two years. She said the library has some interesting local features including pictures of the graduating classes of Frederic High School and the clock from the old high school which hang on the walls of the new addition.

A book discussion group has formed and welcomes new members. Other community activities include an exchange of perennial plants on June 1, and a quilting demonstration on September 10. For more information on these activities, call 348-4067.

The library is located on Old 27 at the north end of Frederic. It is open Monday, Tuesday and Thursday, from 1 p.m. to 7 p.m., and on Saturdays, from 10 a.m. to 2 p.m.

Lovells Township Library - The Lovells Township Library was established in 1974, making it the second branch library of the Crawford County Library system. It was first located in what was once a storage closet for the Township Hall.

The heart of the Lovells Library has always been its volunteers especially Ruth Caid, Margaret Cavanaugh, Jane Commons, Ann Duby, Edith Maki, Hazel Koernke, Helen Spencer, Phyllis Walker and Marie Duby who were the first set of volunteers.

The library operated on a shoestring for a short time but became part of the Crawford County Library system which helped considerably. Because of the partnership the Lovells library acquired a real desk, and bookshelves plus there was now money available to purchase books.

The library more than doubled in size in 1995 as a result of support from Weyerhaeuser and Lovells Township. The library now houses approximately 3,000 books, more than 100 books on tape, and over 200 movies. There is also one computer connected to the Internet in the library. The children's area, which is housed in the space the original library occupied, has a nice selection of books and a table and two chairs that are just for kids.

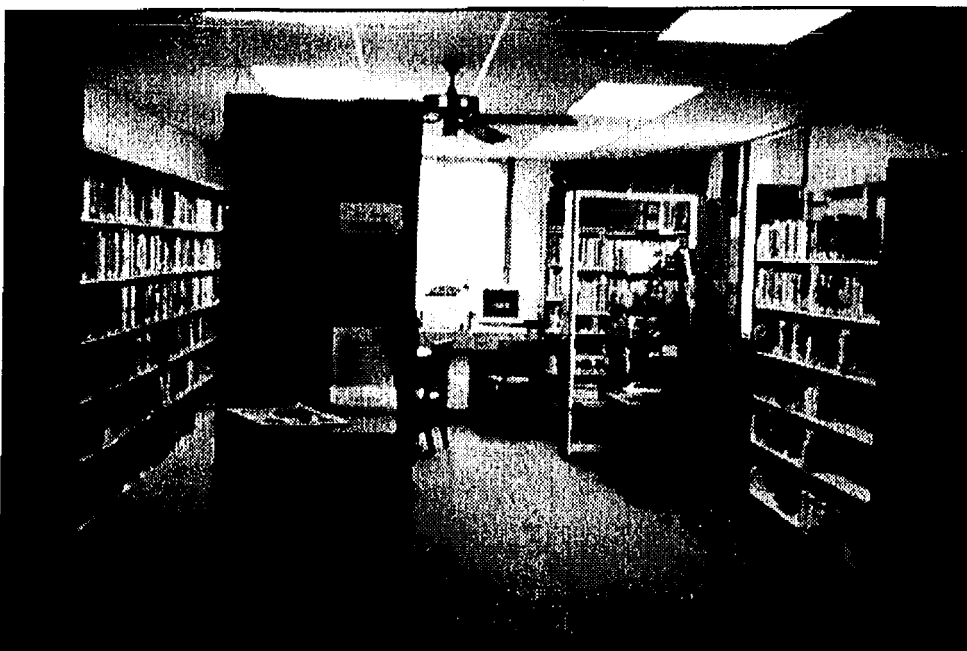

Community support of the library is obvious. A collection of up-to-

Amidst an impressive collection of books, Frederic High School graduating class pictures and the clock from the school can be seen at the Frederic Community Library.

Beaver Creek Branch Manager Beck Deline said the library's collection has grown as the result of many donations.

The new addition to the Lovells library houses the adult collection and the new computer.

date magazines, none of which come from library subscriptions, is supplied by local people.

The library still operates in large part, through the efforts of volunteers, Kate Gregg, Rita Jackson, Irene Honey, Kathy Trosper, Sharon Sikorski, Hazel Koernke, Jenny Jenkins and Dee Haberland who open the library on Saturday and help during the week.

The branch manager is Benjamin Duby who has worked in the Crawford County library system for nearly 11 years. He has been working at the Lovells Library since 1996.

The library hours are Tuesday, Wednesday and Thursday from 10 a.m. to 3 p.m. and Saturday from noon to 3 p.m. For more information call 348-9215.

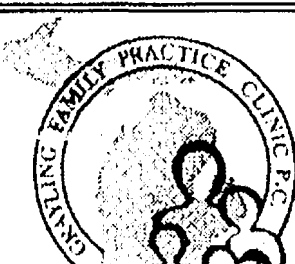

Beaver Creek Township Library - The Beaver Creek Library, which opened in August

2000, is the newest addition to the Crawford County Library system. Located in the Township Hall, the library has over 1000 books and approximately 50 audio books. It also has two computers connected to the Internet.

The collection contains all kinds of adult fiction, a wide variety of non-fiction, a nice collection of children's books, and information on local history, including ghost towns such as Pere Cheney.

Branch Manager Becky Deline has worked for the library system for seven years. She said the collection is pretty impressive considering it started with just one row of books on one table. The current library is the result of many donations, she said.

The library is open Tuesday, Wednesday and Thursday from 9 a.m. to 2 p.m. For more information call 275-2808.

GRA offers six-week hiking program

► Registration now open for Hanson Hikers 2002; first trip set for June 11

Grayling Recreation Authority (GRA) is now accepting registrations for Hanson Hikers 2002 – a program designed to encourage physical fitness and awareness of the area’s beautiful trails. The first trip of the six-week guided-hike program will be conducted on Tuesday, June 11.

All hikes will be held on Tuesdays beginning at 8 a.m. Registration fee is \$25 per participant. The cost includes six weeks of guided hikes, a custom Hanson Hiker T-shirt, and transportation via the Crawford County Transportation Authority when necessary. To register, complete the attached form and return it, with payment, to GRA at Hanson Hills.

Hikers should be in good enough physical condition to walk 20-minute miles with hilly terrain. The program may be split into two groups of hikers with varying

degrees of difficulty.

Hanson Hikers 2002 will include the following trips:

- 1) June 11 – *Hanson Hills Blue Trail* – Follows a two-track trail through the scenic Hanson Reserve;
- 2) June 18 – *Cindy’s Secret Trail* (at Hanson Hills) – Trail incorporates some existing marked trails and some off the beaten path. It is about five miles long and offers some great views overlooking

Grayling and Lake Margrethe;

- 3) June 25 – *The North Country Trail* – Out in the “boonies,” this single-track trail is approximately five miles long with great hills through hardwood forest;
- 4) July 2 – *The Frederic Trail* – This four to seven-mile trail goes through the historic Ward’s Orchard in Frederic;

- 5) July 9 – *Hanson Hills Bike Trail* – One of the best trails in

Crawford County, the hike will go the whole eight miles;

- 6) July 16 – *Hartwick Pines Foot Trail* – A beautiful mix of wetlands and pine forest, about three miles long.

GRA recommends bringing water, Kleenex, sunscreen, insect repellent, a hat, and a snack to hikes. For more information on Hanson Hikers 2002, contact GRA at (989) 348-9266.

GHS grad to play basketball for Delta

Grayling High School graduating senior R.J. Schmidt, leading scorer and team MVP of the 2001-02 GHS varsity basketball squad, recently signed a letter of intent to play college basketball at Delta. Schmidt (left, pictured with Delta’s basketball coach) was named to the Detroit Free Press All-State 4th Team, the Bay City Times Dream Team, the Traverse City Record-Eagle Dream Team, and the All-NEMC First Team this year. “R.J. has worked his tail off and we are looking forward to watching him play next year,” said Rich Moffit, Grayling High School’s varsity basketball coach.

Local students earn orange belts

Jeff Brunell (front, left) and David Bergan (front, right), both of Grayling, recently received their orange belts after taking a self-defense class taught by John Homrich (back, left) and Chris Homrich (back, right). The class was offered by the Crawford AuSable Community Education Program this spring. Another class will be offered this summer.

VOLUNTEER VICTIM SERVICES UNIT SEEKS VOLUNTEERS

The new *Volunteer Victim Services Unit* at the *Crawford County Sheriff’s Office* is searching for *Volunteer Advocates*. The Volunteers will work in pairs when they are requested by area police agencies. Sometimes they will respond to the scene of a traffic accident, drowning or other tragedy, sometimes to the scene of a domestic violence incident.

They will act as a go-between or liaison between the family and police. The *Advocates* will help by calling other family members or friends, a minister or priest; perhaps they will simply make coffee and provide a shoulder to cry on. Their help is meant to be only on a short term basis.

Crawford County began putting its program into place earlier this year. A 20 hour training program will be the 1st, 2nd & 3rd of November, during which the new Volunteer Advocates will learn about accident and crime scene investigations, sexual assault, the role of the medical examiner, the criminal justice system and how to assist a grieving family.

Interested individuals may contact *Victim/Services Unit Coordinator, Annette Brewster 344-0267 or Sheriff Wakefield at 344-3205*. This program is sponsored by the *Michigan Sheriff’s Association*. The statewide group works with county sheriff’s departments throughout the state to set up local programs.

Vikings host NEMC track meet

► Grayling ends season with league meet, Regionals, Meet of Champions

The Vikings of Grayling High School hosted the eight-team North East Michigan Conference track meet last Wednesday.

Grayling's boys team finished 6th, and the girls took 7th. Viking placements that earned team points included: (boys) Brett Mead, 6th, high jump; Travis Gildner, 8th, high jump; 800m relay team, 4th; Damian Fleischmann, 8th, 110m hurdles; 200m relay team, 6th; Scott Latusek, 2nd, 1600m run; 100m relay team, 7th; Tyler Cragg, 7th, 400m dash; R.J. Schmidt, 7th, 800m run; Latusek, 2nd, 3200m run; 400m relay team, 5th; (girls) Ashley Hawley, 2nd, high jump; Jessica Green, 2nd, long jump; Crystal Miller, 8th, shot put; 800m relay team (Jamie Pinkelman, Alyssa Farrell, Jenny VanNuck, Anja Mennerich), 7th; 200m relay team (Miller, Green, Shannon Terry, Bricia Frisbie), 6th; 100m relay team (Green, Hawley, Terry, Frisbie), 7th; Sarah Gohnick, 8th, 400m dash; 400m relay team (Gohnick, Green, Hawley, Frisbie), 5th.

The Vikings also recently competed in Regionals. Top placements for Grayling included: (boys) Latusek, 4th, 800m run; (girls) Hawley, 6th (tie), high jump; Green, 3rd, long jump. No Vikings qualified for the State Finals.

"It was a brutally cold day for Regionals," boys team coach Scott Cousineau said. "As cold as it was, I was pleased with our performances considering the competition and the weather. We had a lot of personal bests and times close to personal bests."

"We put in some good performances. I was proud of our effort," said Rich Moffit, coach of the girls team.

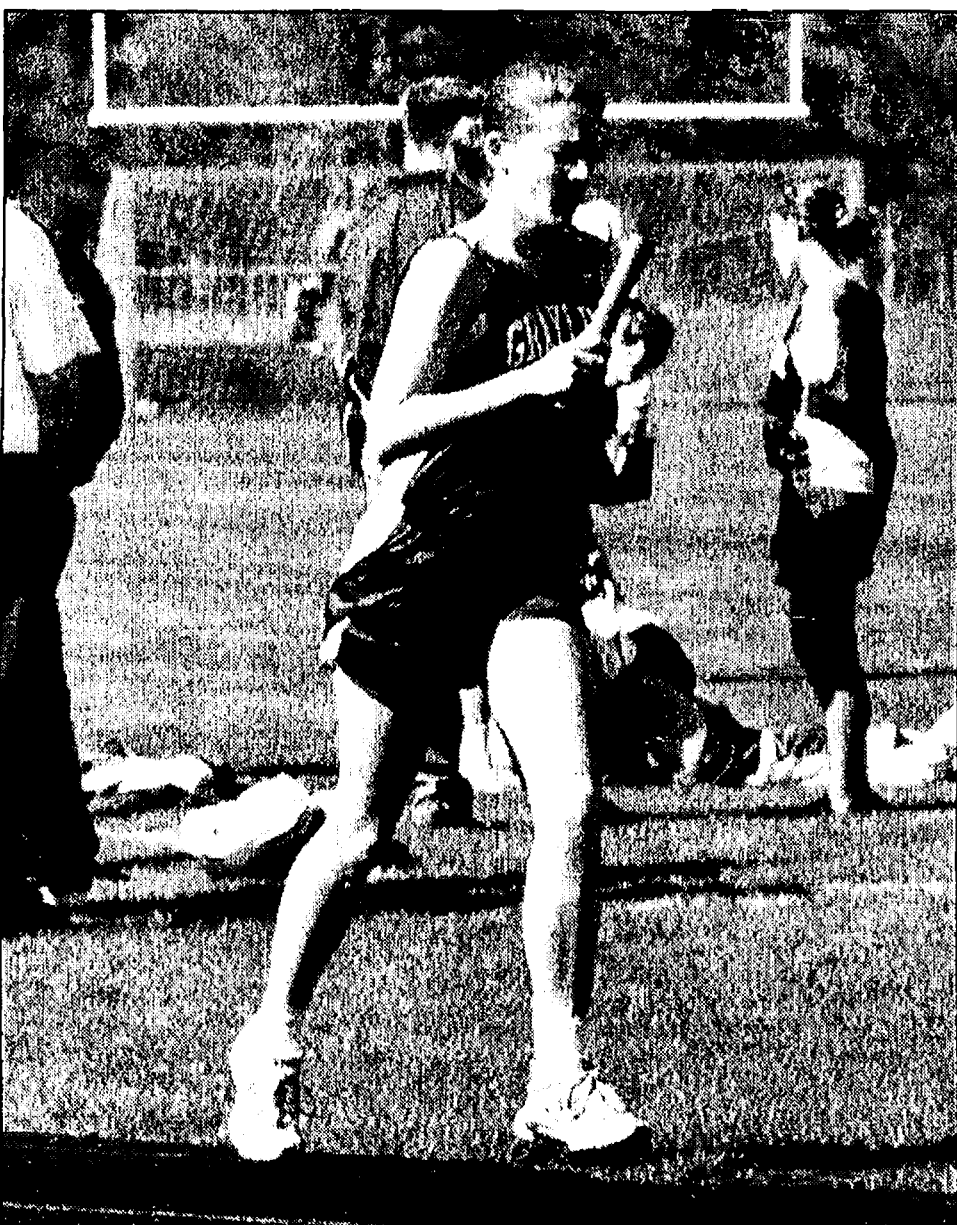

Last Friday, the Vikings competed in the Sunrise Meet of Champions at Roscommon. Grayling placements included: (boys) Latusek, 1st, 1600m run; Schmidt, 5th, 1600m run; Cragg, 5th, 400m dash; Shawn Gabriel, 6th, 400m dash; Fleischmann, 5th, 300m hurdles; Schmidt, 5th, 800m run; Bob VanNuck, 6th, 800m run; Latusek, 3rd, 3200m run; (girls) Green, 2nd, long jump; Hawley, 2nd, high jump; Mennerich, 7th, 800m run.

The meet at Roscommon was the track team's final competition of the 2002 season.

KIRTLAND BASKETBALL

Womens Team

ROSCOMMON - Grayling prep star Lori Hinkle has signed a letter of intent to play basketball at Kirtland, following her two older brothers onto the collegiate basketball scene.

Hinkle is a 5'10" forward who will give the Lady Firebirds much-needed depth inside. Coach Jimmy Parker said. She earned honorable mention all-state honors, and Parker said he expects Hinkle to push 6'3" sophomore Jillian Schultz for playing time in the low post.

"We really need some scoring from the three and four positions, and Lori will really help us there," Parker said. "But she also shoots very well from the outside, and overall she's a very knowledgeable player."

Lori Hinkle

Hinkle is the third recruit Parker has signed in what is shaping up to be the best ever class of freshmen for the Lady Firebirds. Earlier, Kirtland signed Erika Seifert, a 2001 graduate of Roscommon High, and Jeni Kemp, who helped lead Mio to the state quarterfinals last season. Both are versatile players

who can play the guard or forward positions.

"We've already added speed, ball handling, size and depth," Parker said, "and we're not through (recruiting) yet."

Mens Team

ROSCOMMON - Eugene Phillips, a versatile guard-forward from Xenia, Ohio, has signed a letter of intent to play basketball at Kirtland Community College, coach and athletic director Glen Donahue announced recently.

"We're really happy to get a player of Eugene's talent and character to join us here at Kirtland," Donahue said. "He should fit into our program very well. One of the strong points about Eugene is that he chose our program because of the student athletes we have here

already, and for the quality of our education."

Phillips, who averaged nearly 15 points and 8.1 rebounds per game in his final high school season, will see action at several positions in his freshman season at Kirtland, Donahue said.

"Eugene is a fine player," Xenia coach Robert Rose said. "He was also our best defensive player on a good high school team, and he showed some great leadership."

The signing brings to three the number of athletes Donahue has signed so far in what is shaping up to be a fine recruiting season for the Firebirds. Earlier, Donahue signed Kaleb House, a 6'5" forward out of Mt. Pleasant, and 6'9" power forward Jeremy Rau, a former all-stater out of Saginaw Swan Valley.

COUNTRY CLUB NEWS

Wednesday Ladies Golf League

An absolutely ideal golf day was enjoyed by our Wednesday gals on May 22, our first day of match play. It started out a little crisp, but the sun warmed us up nicely. It truly warmed up my partner, Jeanette Kitchen, as she started out with a chip-in for a birdie on the first hole we played, and from then on, she was "on a roll."

In Flight A, Jeanette Kitchen took it all with a low net of 33 and low putts of 12.

In Flight B, JoAnn Michal had a low net of 33 and Wendy Kucharek had low putts of 15.

In Flight C, Jane Haller had a low net of 29 and Gloria Nielson had low putts of 13.

In Flight D, Ann Latusek had a low net of 27 and low putts of 16. Gloria Nielson, Sandy Winkle,

and Jeanette Kitchen had chip-ins on hole #3, #1, and #7, respectively.

After our great time of golfing, we went in and had a great lunch of cornish game hens, wild rice and salads, with a chocolate gelato for dessert.

Once again, Paul Thomson has donated golf umbrellas and insulated water bottles for a "special play" of the week.

This week an umbrella was won

by Sandy Winkle for the longest putt on #9 in Flight A.

I also want to mention that Sherry Hanson did a great job writing my column last week.

Needless to say, we didn't waste this beautiful day and quite a few of us went out and played another nine. Like everyone else, we are tired of the cold and ready for summer, so until next week, that's all "fore" now.

FISHING REPORT

Rivers: Hendricksons have been hatching, and some stonefly hatches are happening. Anglers have been catching good numbers of brown trout on the Manistee.

(Information courtesy of Skip's Sport Shop.)

Lakes: Lake Margrethe has yielded scattered pike, try still drifting in 15-20' of water. For walleye, try using a blue rapala in 10-15' of water. Some bluegill have been caught in the reeds by shore on Lake Margrethe, and bass are starting to

come in to the shallows on the south end of the lake.

Some perch have been caught at Shupac Lake and KP Lake has been yielding a few bluegill.

f. Trash Contract. Waste Management was the only bidder. Moshier voiced concern over too much yard waste being picked up with the pick up only being twice a month and questioned about going to every week. Representative from Waste Management stated that he did not feel it necessary. Lowe to check into DPW doing a compost pile to save on cost. Decision to award contract tabled until next meeting.

g. Township Fire Department Proposal. Moshier updated council on township fire department proposal. Township is requesting a fire department board to be set up with the township to run the board. Fire Chief Brooks is going to talk to Terry Wright about amending this request. Township has accepted the cost proration proposal. They have also requested an inventory to be done with appraisal of value being included. A physical inventory will be provided to them but the township will have to have appraisals done.

02-78 Moshier made motion, supported by Banda to accept the cost proration proposal only. Items 2 and 3 to be discussed at a future meeting after Chief Brooks has met with Terry Wright concerning those issues. Ayes: 4, Nays: 0, Abstain: 0, Absent: 1, motion carried.

h. GrayRock PILOT. Letter from Jill Andersen requesting that the current agreement be revised for the payment in lieu of taxes and the water and sewer usage at the GrayRock Cafe. Due to the fact that their payments are three years delinquent, Banda recommended that Lowe contact them about paying the past due bills before being considered to revise the agreement. Lowe will contact them concerning this matter.

New Business.

a. Lot Split. Lowe gave update on lot split on Alger Street. He indicated that the split complies with the state ordinance but does not comply with the local zoning ordinance. The lots have to be a minimum of 60 feet and one parcel is only 58 feet. Land owner has agreed to change lot split to comply with the 60 foot rule. Moshier raised the concern that the owner may not be able to comply with the parking requirements of the ordinance.

02-79

Hayes made motion, supported by Banda to approve lot split with the revision to comply with local zoning ordinances. Ayes: Wyman, Hayes, Banda, Nays: Moshier, Abstain: 0, Absent: Awiszus, motion carried.

b. Water/Sewer Billing. Council agreed to have a survey included in the May water bills asking the customer's opinion on going to monthly bills rather than quarterly. No action will be taken until results are completed.

c. Local Cable Access. Steve Southard has talked to the Vice President of Charter Communications about Grayling being able to have access to the public access channel. The channel can be used for local information, school information, tourism information, etc.

City would have to designate the Chamber as coordinator of the channel. All information would be proposed to council before being implemented.

02-80

Motion made by Banda, supported by Hayes to have the Chamber designated as coordinator of the local cable public access channel. Ayes: 4, Nays: 0, Abstain: 0, Absent: 1, motion carried.

d. Animal Shelter. Request by the animal shelter that the city recognize them as a non-profit organization. Tabled until next meeting until further information can be obtained. Lowe to get with shelter and obtain additional information.

Citizens who wish to speak.

Sue Louchart spoke on behalf of the safety of the children who live on Vilas Street because of the debris at A & H Rental. She confiscated an ax from children who said they got it from that property. She also brought pictures of the junk on the property and pointed out one in particular that had a piece of wood with approximately 10 nails sticking out pointed side up. Moshier will contact owner of property to have property cleaned up. Owner has been contacted by police department in regards to being in violation of city ordinance. Wyman thanked her for her concern.

Reports from ZBA, Planning Committee, Parks Committee

ZBA - Hayes reported that Brian Duncley requested a variance for the property of Duncley Floor Covering. Variance approved.

Planning Commission - Looked at Alger Street for possible site for duplex, checked out Abundant Life Tabernacle for addition, spoke to Richard Cook about new restaurant.

Pa. Commission - Hene Geiss-Wilson asked if there were any more questions regarding next year's budget. Moshier had a question about the concerns in the park being postponed again. He is concerned that the longer the project is postponed the more chance it will not happen. Hene responded by saying there are not enough volunteers to do the project along with the problem of having an alternate site for rained out concerts. No further questions from council.

Reports from Manager & Council Members.

City Manager Reports

a. Georgia Pacific has requested that their annual contract be renewed to dispose of unused water in our sewer system. Manager is comfortable doing that as they do regular tests on the water to make sure it is safe to dump. He will renew the contract.

b. John Cherven has resigned from the Planning Commission and the ZBA. His slots will be need to be filled. City Manager will see if anyone would be interested.

Council Members Reports

Jerry Hayes - ZBA meeting on May 9th. Art Thayer to chair. Hayes will also be attending.

Roger Moshier - Reported on MERS meeting he attended with Terry McGregor. Terry is checking to see if the city qualifies for different plan. Moshier requested that the old Library sign be reinforced. Also indicated he would like to see a story in the Avalanche about the nuisance ordinance and the impact it will have on the city.

Dave Wyman - There will be a vision session at the library on May 21st. Needed a volunteer to attend with him, Jerry Hayes volunteered. He stated that letters of appreciation needed to be sent to Bonnie Smith, John Cherven and Gail Madsen for their volunteer work on committees acknowledging their resignations.

Adjournment

02-81 Moved by Banda, supported by Moshier that the meeting be adjourned. Ayes: 4, Nays: 0, Abstain: 0, Absent: 1, motion carried. The meeting was adjourned at 9:04 p.m.

The 1979 edition of the Grayling High School yearbook was presented to the student body on Thursday, May 24 at the annual awards assembly. The book, one of the finest yet produced by the student staff, is dedicated to GHS teacher, Bill Kinkert. Mr. Kinkert is one of the most popular teachers with both students and fellow staff members alike.

Chief Warrant Officer 4 Perry E. Wells recently turned back his keys and equipment to the National Guard after 38 years of dedicated military service to both the State and Nation. Perry's long association with the Michigan National Guard began with his enlistment in April 1941 in Grayling where his family had lived since 1930. At Camp Grayling "Mister" Wells became known as Mr. Ammunition from the many years he was in charge of the "bullets" portion of camp supply.

A special award for news coverage was awarded by Girl Scout Representative Nancy Dean last Friday to Editor and Publisher of the Avalanche Whitey Madsen for the news coverage given the Girl Scout program.

Search for Gem Stones: Mr. Hayes' fourth grade class has been searching for gem stones in sand which was brought from North Carolina. Some of the stones found were sapphires and kyanite. So far this year no rubies have been found though some of the classes in the past have found them. Some of the boys that were searching were Todd Klinger, Wayne Weatherly, Scott Howe, Dave Nielson, Jay Dannenberg and Chuck Knipe.

An explosion, starting a fire, injured one employee and destroyed the AuSable River Inn. The Inn, a favorite eating spot for summer visitors, canoeists and fishermen was located at Stephan's Bridge eight miles east of Grayling on the AuSable River. The fire started when an employee was attempting to light a stove on the glassed in porch on the river side of the building. The alcohol can which he was using exploded. The Inn was built on the south bank of the river and was built partly of old timbers, from the Hugo Schreiber barn, one of Crawford County's pioneer farms. A strong north wind, and the fact that the one-story building was of rustic design with varnished wood and logs, combined to spread the flames rapidly throughout the building.

The current May-June issue of Michigan Conservation, the Department of Conservation magazine highlights Crawford County. Included in the issue are articles on Hartwick Pines, and "A Family and a River." The article on the Hartwick Pines gives the unique history of one of Michigan's most outstanding parks. "A Family and a River" is a story told by Lacey Stephan of Grayling. The magazine contained many pictures taken many years ago and is most interesting reading for people of Crawford County.

Election of officers of the Grayling Fire Department was held at the Monday night meeting. The terms are for the fiscal year of 1957, starting on June 1st. Elected were: Frank May,

Secretary; Byron Randolph, Treasurer; Ed Sorenson, 3 years; Art Clough, 2 years and Clyde Anthony, 1 year on auditing committee; Earl Broadbent, 3 years, Frank May, 2 years and Clifton Papendick, 1 year on trustee committee; Jerry Smock, publicity.

Ten Crawford County men left for Ft. Brady this morning for two weeks of training in reforestation work. In the party are the following: Elroy Barber, of Frederic, Earl Wood, Beaver Creek, Ted Callahan, John Deckrow, Isaac Jendron, Melvin Marshall, Harry Hum, Oliver Lovely, John Schofield and Ora Ingalls of Grayling. They will be in camp for about two weeks after which they will be placed among the C.C.C. reforestation companies near Luzerne. At that place they will be given positions as foremen in the woods operations.

A lot of interest was manifested in the formal opening of Spike's (Harold MacNeven) Beer Garden Monday evening and before the opening hour every table in the place had been engaged. Almost every family in Grayling was represented, besides there being many from out of town. About three weeks ago workmen got busy and completely remodeled the building and a fine new dance floor was laid. They did a thorough job of it and the inside of the building was a complete transformation from the front door to the back room.

The new Walter Cowell restaurant, to be known as "Paddy's Grill" opened its doors for business Saturday noon. The place is attractive with newly painted walls, many square tables in the center of the room and several small side tables. Frank LaMotte is the manager and looks after the culinary department. "Boots" (Miss Margaret LaMotte) assists in waiting on the tables and always has a cheery smile for the patrons.

Friday morning of last week marked the arrival of U.S. Civilian Conservation

Corps No. 672 at the Hanson State Military reservation at Lake Margrethe. There were 150 men in the company. The camp will be known as "Camp Higgins." This is the first C.C.C. company to be sent out for work on state property. The men will be engaged in work of reforestation, truck-trail fire breaks construction in game refuge; general improvement of road beds along roads to the military reservation; revegetation of sand-blown areas in the middle of the rifle range; fire-break construction on Higgins Lake State Forest and helping in the nursery; exploration for source of water for fire fighting; lake and stream improvement; and blister rust control on trees.

May closed this year with the coldest day in thirty years as shown by the records, but less damage in Michigan than in 1903 on account of the cloudiness and rain.

Tuesday morning all of our citizens who were out before the sun, were surprised by finding a coating of snow on the north side of their houses which came with a gentle blizzard after midnight.

About 6 o'clock last Saturday morning the patrons of the farmers telephone line in this county were stirred up in a hurry by the ringing of all phones and cry for help by Miss Minnie Love, announcing the William Millikin house was on fire. Mr. Millikin and the oldest boy had gone to the barn for the morning chores, having first started the kitchen fire leaving four younger children asleep in the chamber, and Mrs. Millikin and her babe, born Monday, in their room. Mrs. Millikin discovered the fire and ran with her babe from the house and her husband rescued the other children, though considerably scorched in doing so.

ANSWERS IN THE CLASSIFIEDS

**Scrumptious
Scones**

3 cups Unbleached All-Purpose Flour
1/3 cup sugar
1/4 cup buttermilk powder
3/4 tsp. salt
1 tsp. baking powder
3/4 cup currants, raisins, apricots or other dried fruit
2 eggs
2 tsp. vanilla extract
1/2 cup milk, buttermilk or water
1/2 cup cold butter, or a combination of shortening and butter
1 egg beaten with 1 tsp. water
coarse sugar or cinnamon-sugar, for topping

In a medium mixing bowl, whisk together all of the dry ingredients, including the fruit. In a separate

bowl, whisk together 2 eggs, vanilla and milk, butter-milk or water. The next step, cutting in the fat, is important because this largely determines the texture of the scones. Use a combination of butter and shortening: butter for its flavor, shortening for its superior ability to create the "flaky" effect. Begin with cold fat, as cold fat retains its integrity in the dough better than warm. Use a pastry blender or fork to work the fat into the flour. Next, add the liquid ingredients to the flour-fat mixture. Too much mixing or kneading at this point will result in tough, heavy scones. Gently fold everything together until the mixture is mostly moistened; a bit of the flour may remain dry.

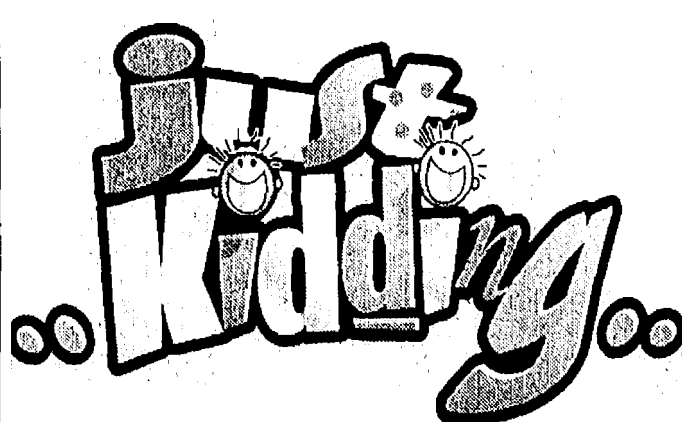

Turn the dough out onto a lightly floured surface, and fold and gather it together until it's cohesive. Divide the dough in half, and place both halves on a lightly

greased or parchment-lined baking sheet. Pat each half into a 7-inch circle approximately 1/2-inch thick, then cut each circle into 8 wedges. Separate the wedges slightly. Or you may pat the entire piece of dough into a rectangle and cut it into squares or 1/2- to 2-inch rounds, using a biscuit cutter. Brush the scones with the beaten egg, sprinkle with coarse sugar or cinnamon sugar, if desired. Bake in a preheated 450°F oven for 7 minutes, then turn the oven off and, without opening the door, let the scones remain in the oven for an additional 8 to 10 minutes, or until they're golden brown. Remove from the oven, and cool on a wire rack. Serve the scones immediately or within a few hours, for best flavor. Yield: 16 scones.

Opportunity knocks and you have the right answer! Your actions and words are noticed by someone in authority. Some time alone allows you to focus your energy and thoughts.

LIBRA
July 23-August 22

Others look to you for guidance and what you do affects a wider circle. Be cautious about how you spend your time and money. Pay attention to your diet.

SCORPIO
October 23-November 21

A question gets answered in your favor. A temporary setback is just that—temporary. Someone you admire and respect seeks an opinion. Be honest but consider their feelings, too.

SAGITTARIUS
November 22-December 21

Now is the time to be aware of what's going on around you at work and at home. A planned purchase needs more research—get all the details. Support comes when you least expect it.

CAPRICORN
January 20-February 18

It's time to simplify your life. Make sure you're emotionally and spiritually centered to face an upcoming test. Someone is working behind the scenes on your behalf.

AQUARIUS
February 19-March 20

Study all sides of the problem before attempting to come up with a solution. Helping others brings things into focus. You'll know what to do and when to do it. Health issues require attention.

PISCES
March 21-April 19

Taking a lower profile helps you accomplish more. Let others take center stage now—your time is coming. Family and friends seek your advice and guidance. Be willing to help.

Adopt a Pet

This handsome boy is Mickie. He is a 5 month old male rottweiler mix. Mickie will grow to be a very large guy if he keeps it up. He seems to be housebroken and has a very nice disposition. Please call 348-4117 for more information on opening your home to a homeless animal. Or, e-mail: animal_director@yahoo.com.

Don't forget: You can help the shelter by signing up for Glen's eScrip program, (just like the old "Save-Share program") at the courtesy counter at any Glen's Family Market or sign up on line by logging onto: www.eScrip.com. Be sure to use the Animal Shelter of Crawford County's group number of 34024 so the animals will benefit from this fund-raising program.

The Animal Shelter of Crawford County is located at:
508 1/2 Huron Street (M-72 East) in Grayling
Between the Road Commission and the Eagles Hall
Hours: Mon. - Sat. 9am - 1pm; Sun. and Holidays 8am - 11am
After hour appointments available.

Kirtland's manufacturing program earns certification

Kirtland's manufacturing program has met the highest qualifications of the National Institute for Metalworking Skills (NIMS) to earn just the third such certification by a community college in Michigan.

NIMS is a nonprofit organization formed in 1995 to support the development of a skilled work force for the metalworking industry in the United States. The institute assists metalworking industries in developing, writing, and validating skill standards, which serve to define benchmarks of training standards for educational and company training programs.

Instructor Leonard Miller's program has been dedicated as a NIMS Certified Training Program in the following Machining Level I modules: Measurement, Materials & Safety; Job Planning, Benchwork and Layout; Milling; Drill Press; Surface Grinding; Turning Between Centers; Turning-Chucking.

The certification, through April 2007, is a powerful tool for recruiting both students and instructors to those schools that achieve it.

"Any student who leaves Kirtland with NIMS certification will have a valuable portable credential to show his or her next employer," said Paul Durbin, Kirtland's dean of vocational and technical programs. "Employers in the metal-working industry recognize NIMS as a stamp of approval and the credential means that the student has met the highest industry standards."

Winning certification is a process that takes between 18 months and two years during which the school must meet very specific educational, technical and OSHA standards, then withstand a two-day inspection by a three-member team that includes two industry representatives and one from education.

"It's a very stringent process, no question about it," said Beverly Rudolph, NIMS certification director. "All of our skill standards are written and validated by industry."

Kirtland's vocational-technical programs are widely recognized as among the very best.

"The technical programs there, whether it's automotive, welding, machine tool or drafting are as good as any four-year institution in the country," said Gerald Janisse, a Kirtland graduate who studied under Miller en route to an engineering degree from Ferris State. He is now employed as an engineer by Bosch Tools in Indianapolis.

Area manufacturing firms have informed the college that there is a shortage of skilled workers in the region. Miller's goal for Kirtland is to provide training and education that will meet NIMS standards. By meeting these standards, students may be tested and certified in one or more metalworking processes.

Interested employers and prospective students may contact Miller at (989) 275-5000, ext. 358.

"Drive" by Incubus

Sometimes, I feel the fear of uncertainty stinging clear
And I can't help but ask myself how much
I let the fear take the the wheel and steer
It's driven me before, and it seems to have a vague,
haunting mass appeal
Lately, I am beginning to find that I should be the
one behind the wheel

Whatever tomorrow brings, I'll be there
With open arms and open eyes
Whatever tomorrow brings, I'll be there
I'll be there

So if I decide to waiver my chance to be one of the hive
Will I choose water over wine and hold my own and drive
It's driven me before and it seems to be the way
that everyone else gets around
But lately, I am beginning to find that when I drive myself,
my light is found

So whatever tomorrow brings, I'll be there
With open arms and open eyes, yeah
Whatever tomorrow brings, I'll be there
I'll be there

Anna Fortino

"Getting to know people in my class that I hadn't hung out with. Also, Snowgoing, because it is the best dance anyways. Plus, it being the last Snowgoing made it really fun."

Marvin Forbes

"Homecoming, because I had a lot of fun even though we lost the Homecoming football game."

Michele Pratt

"This year was the best of all the four. Getting to know your classmates better (was my highlight). You only have one last year with them, so make it your best!"

Bob,

Thank you for always being true to yourself and doing your best. Words cannot express the pride that we feel.

Love,
Dad, Mom
and Jenny

Christy Voelker

"Getting to know new people and renewing old friendships."

Ben Yoder

"Having the most fun possible while I'm still here."

Amanda Boone

"Getting a part in the play. I got to talk to a lot of people I otherwise wouldn't have talked to. Also, getting two new, great coaches for soccer and meeting the freshman players."

Stacey Kuhn

"Being able to be free to do what you want. (Senior year) was much more fun because of that freedom. No matter what anyone tells you, your senior year flies by and before you know it, it's the last month of school. . . Just stand on the sidelines for awhile and look at everything and really reflect. Then you will know what's important."

David Ringle

"The first GHS assembly and the last month of school, including Prom."

Johnna Schultes

"The whole year is one big highlight on my life. Nothing can compare to high school."

Lori Hinkle

"Just being here, knowing it's my last year, spending time with my friends and taking it all in."

Ryan Swope

"Spring Break and then coming back to hear everyone's unbelievable stories and sharing mine."

Bridgette Reed

"When my AP tests are done and I get to sit back and kind of relax a little. Oh yeah, and graduating!"

Nick D'Amour

"Realizing all the time and effort I put into everything is finally paying off."

Alexis Sumner

"Getting my scholarship. It's great to know that all those things I did that I thought went unnoticed, turned out to be one of my greatest accomplishments."

Chet Wheeler

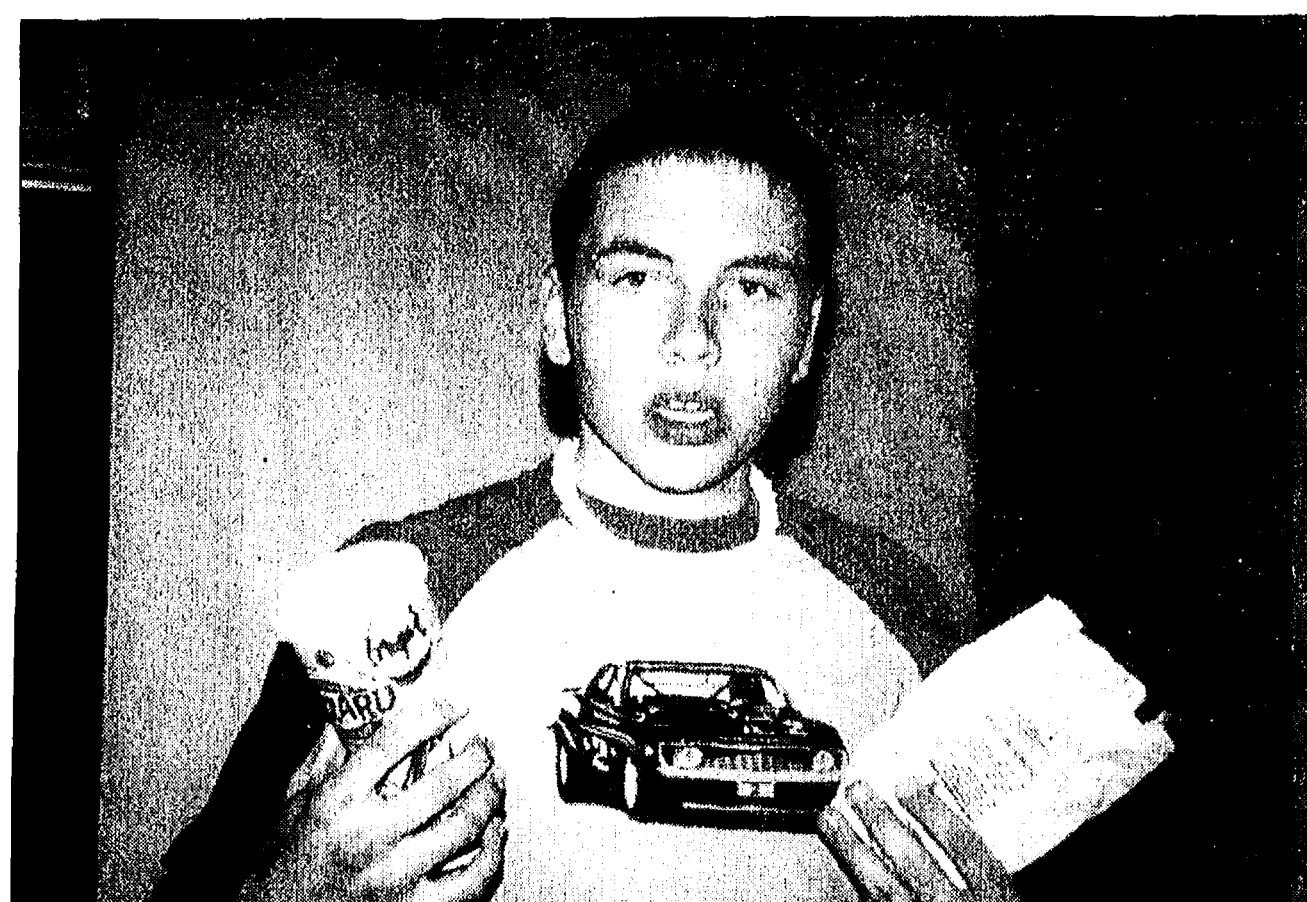

"The golf state finals and placing 8th."

T.J. Rankin

"The releasing of 'The Lord of the Rings: The Fellowship of the Ring' movie, followed by my Spring Break in a close second."

Jennifer Feutz

"I have loved my senior year and becoming closer to classmates that I wish I would have sooner. Definitely get to know your classmates, sign up for senior events and help welcome the underclassmen, no matter how annoying they may be. This year has been the best of all. Take every minute in and enjoy the last few weeks, because things are changing forever."

During 7th hr. Senior Literature class, Matt Lorenson distributes treats from Dairy Queen. Seniors often went into town to pick up snacks during lunch and block classes.

Senior Activities

Broadening horizons through various talents

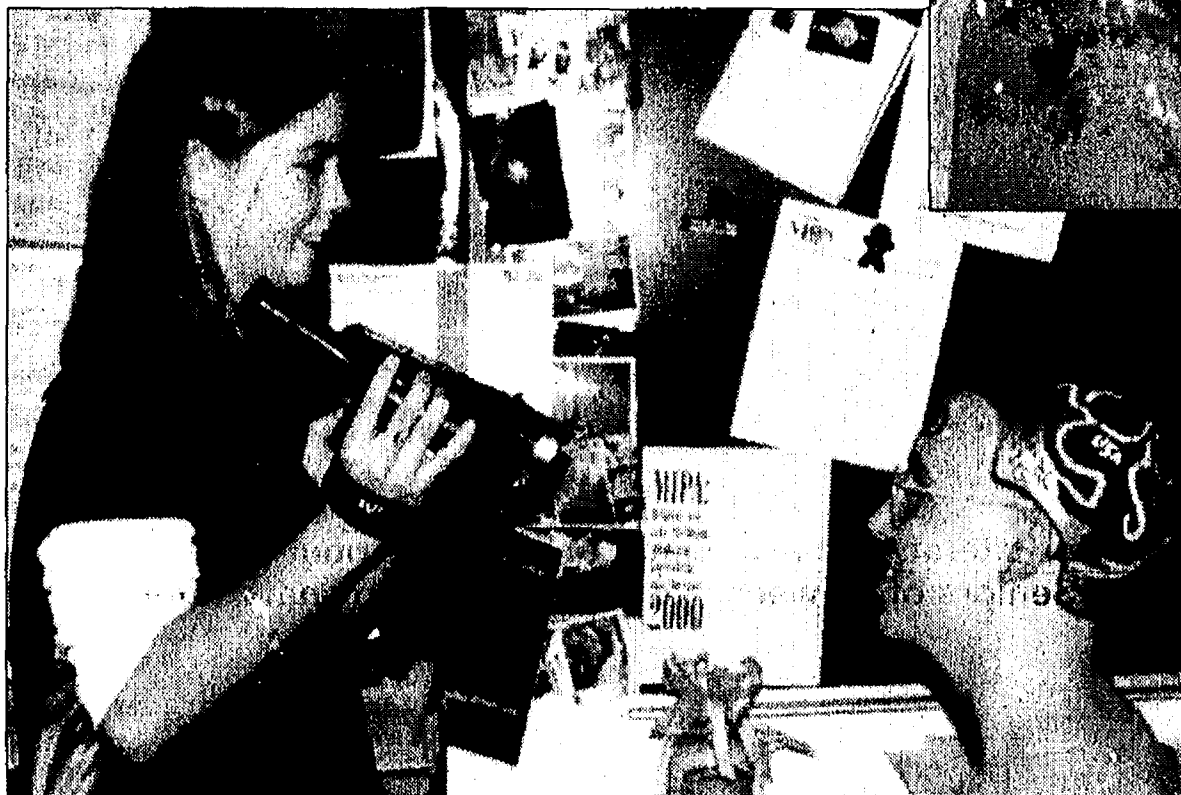

(Above) In Senior Literature class, Bob Cooper reads the book, *The Power of One*. Three books were read in the last semester.

(Above) In 6th hr. Advanced Ceramics class, Anna Fortino, Michele Pratt and Penny Rosin take a break from the messy clay to determine what had landed on Fortino's face. Pratt found the situation amusing as Rosin picks off the mysterious goo.

(Above) During the play, *The Curious Savage*, Mrs. Paddy (Amanda Boone) recites the things she hates as Mrs. Savage (Gina Rosi) listens, holding her teddy bear.

(Above) Lisa Hubenschmidt documents the work of art she helped paint on Seth Lepsy's head. Jessica Varda (not pictured) also helped Hubenschmidt with the artwork.

Chris,

It seems like yesterday when you started preschool. After 14 years of bumps, bruises, broken hearts and bad report cards, you (and your parents) survived. As you face the new world, please, give the world the same opportunity.
